ABSOLUTE PROOF MUST CONVINCE ALL MEN.

THE BURDEN OF THIS EVIDENCE IS WITH US, WE MUST PRODUCE IT. SOME MAY TELL YOU THAT YOU CANNOT SUCCEED BUT WHAT ARE THEIR ARGUMENTS? WHERE IS THEIR EVIDENCE? WHAT DOES IT AMOUNT TO? NOTHING. YOU MUST DEPEND UPON THE WORDS OF THOSE WHO HAVE TRAVELED THE WAY AND SPEAK FROM EXPERIENCE. THIS EVIDENCE OF SUCH PEOPLE IS BEFORE YOU. STUDY CAREFULLY EVERY TESTIMONIAL ON THIS SHEET. DON'T MISS A SINGLE LINE. WE HAVE ANY NUMBER OF THESE ENDORSEMENTS. PERHAPS YOU LIVE IN THE SAME COMMUNITY WITH SOME OF THE AUTHORS. YOU WILL NOTICE THAT WE GIVE THEIR ADDRESSES AND PICTURES AS WELL. WRITE TO THEM ENCLOSING A 2 1-2 D STAMP FOR REPLY, IF YOU ARE IN DOUBT.

YOU CAN BECOME A HYPNOTIST IF OTHERS CAN.

Always keep in mind the fact that we refund the money you send us, if you are unsuccessful. You take no chances at all. Write now; don't delay for a moment. You cannot realize all this course will do for you until you try it.

AMOS B. CLEAVER.

SIMPLICITY ASTONISHED HIM.

A CLASSICAL EDUCATION IS NOT REQUIRED TO UNDERSTAND THE REASONS.

Mr. Cleaver, of Reading, Pa., says it does not require a classical education to master the instructions, as they are so plain. A person with very little education can master this instruction in a short time. We have successful students who cannot read or write. Many of them say that they can learn from the engravings alone.

Reading, Pa., General Delivery, Dec. 26, 1899.

New York Institute of Science, Rochester, N. Y.

Gentlemen: Your correspondence course in Hypnotism is all and more than you claim for it. Never in my life did I get so much valuable information for so little money. The simplicity of it all astonished me. A classical education is not required to understand the lessons, as they are so plain. I hypnotized my first subject in less than three minutes.

Respectfully yours, AMOS B. CLEAVER.

FATHERS READ THIS—YOU WHO HAVE WALKED THE FLOOR WITH A CROSS BABY IN YOUR ARMS, READ THIS TESTIMONIAL, AND THEN REFLECT—A NEW USE FOR HYPNOTISM.

Mr. Livingston, who has our course, has been able to control his infant daughter, who previously kept him awake nights. This letter, although amusing to some, can be appreciated by many. Take our course and relieve the little one's ills.

Springfield, Mass., Box 776, Feb. 27, 1900.

New York Institute of Science, Rochester, N. Y.

Dear Sirs: Replying to your favor of February 20th: I have begun to use the information contained in your course in Personal Magnetism and am finding out my error or errors as spoken of in my last. I noticed that when I spoke to those who held positions higher than mine in authority that my manner was entirely different than usual, when the positions were reversed. This discovery, which, without your instructions would undoubtedly never have been made, caused me to re-read your instructions until I thoroughly understood their importance and am gradually but rapidly improving myself. I confess it surprises me sometimes to think how easy it works when one gets right at a thing. I caused results lately I never believed I could accomplish.

It seems as though I were one sided, the other side undeveloped, before I had your course. I have put our cross youngster to sleep when necessary, who used to keep us on the jump until quite late at night. For the past two weeks or therabouts, have, the last thing before leaving home both morning and noon, looked the little one square in the eyes, and told her to be good, repeating the remark several times, thinking it somewhat a joke. Three times I have neglected to do this and would you believe it, she raised particular thunder. Now laugh, that is what we did. Perhaps we would not have noticed it, but for the remark of our oldest (five years), who met me at the door with a serious face, pointing her finger at me, she spoke thus: "Papa, you forgot to tell Ruth to be good this morning and she has been just awful." I hurried to catch the car this morning and the same story was repeated.

I have no objection to your using any part of this letter, if it is worth anything to you. I have put her to sleep by repeating the formula given in the course, scarcely ever having to repeat it more than two or three times.

Thanking you for your kind attention, I am, Very respectfully,

F. M. LIVINGSTON.

A PHYSICIAN'S SWORN STATEMENT.

DR. ABBIE K. M. HEATH PERFORMS MARVELOUS CURES, VERGING ALMOST ON THE SUPERNATURAL. READ THIS LADY'S SWORN STATEMENT.

Dr. Heath purchased our course some time ago, and has certainly demonstrated the fact that no other method of treatment in existence is as efficacious for all forms of disease as that given in our system. It will pay you to read every line of her testimonial. Every fair-minded person must admit that by our course of instruction, a student can do even more than we claim in our circular matter. We are often asked, "Can organic diseases be cured by this science?" Notice what Dr. Heath says about it. If you have the slightest doubt about it, write her or the Notary and ask them if this testimonial is genuine.

Hotel Dover, 71 Dover St., Boston, Mass., Dec. 27, 1899.

New York Institute of Science, Rochester, N. Y.

Dear Sirs: I find your course clear, concise, comprehensive, practical, and analytical; giving a perfect solution of the modus operandi of Mental Healing, Personal Magnetism, Hypnosis, Suggestion, and Suggestive Therapeutics; enabling the student to grasp the thought embodied, that Mental Influence can be exerted to produce chemical changes in our bodies and that organic diseases may be cured by mental suggestion. To the physician, intent upon the welfare of humanity, this knowledge comes like a "beacon light" and is the keynote to success. Personally I cannot express to you my thanks for bringing to my notice a course of instruction from which I have derived so much benefit and through which I have been enabled to perform cures that are considered miracles, and really border upon the marvelous. I had not had my course a week when a young man, an only son, who had been a periodical drinker, came to me. Occupying a fine position, he had been obliged to obtain a substitute for a week every six or eight weeks in all at that time. I had treated him frequently, but with no marked success, and I thought to myself, here is a chance to test your power. So I said to him, "George, why do you come to me? I don't do you any good, you go right on drinking just the same. I guess I shall have to hypnotize you and take the appetite away." He grasped the idea at once and said, "I wish you would; can I go to sleep?" I said, "Yes, look at that clock, it's just a quarter to twelve, now you lay your head down on that table and sleep until the clock strikes, then you will wake up and go home and ask your mother for a luncheon, then go to bed and sleep till morning, then you will get up and go down to the office and go to work, and you will never drink any more, never will crave it, never touch it," and in less than a minute he was sound asleep. As the clock struck twelve I said, "Come, George, it's time to wake up." He got up, looking amazed and remarked, "I thought I was pretty drunk when I came in here, but I never felt more sober in my life than I do now. What have you done to me?" I replied, "What are you going to do?" Quick as a flash he responded, "I am going home and get mother to give me a luncheon, then I am going to bed and sleep till morning, then I am going down to the office and going to work, and I am never going to drink any more liquor." And to-day more than six months have passed, and he has not touched a drop of intoxicants or lost a day's work during that time.

DR. ABBIE HEATH.

A week later a man came to my Friday evening class in psychic developments who was addicted to the use of tobacco. He said, "Doctor, can you cure the appetite for tobacco? I am sick of using it, but I've tried in vain to break off the habit. I just have to have a chew the next day." I looked him in the eye and said, "Do you really want to leave off using tobacco, and do you believe I can remove the appetite?" He replied "Yes" to both questions. "I want to leave off, and I believe you can take the appetite away from me." Then I said, "Give me that piece of tobacco in your left side pocket." He handed it to me, and I said, "Now, Mr. Scott, that is the last piece of tobacco you will ever handle. Tobacco is nasty, filthy stuff, and you will never use it nor want to use it again," and Sunday, Dec. 24th, after more than six months have passed, he told me he had not touched a particle in any form since.

I was called to a private hospital to diagnose the case of a patient. While waiting in the reception room a man came in suffering the most excruciating pain from a cancer in the throat, said he had neither rested or slept for a fortnight. The matron said to me, "Dr. Heath, if you could relieve Mr. Lord as quickly as you did Mrs. Richardson, what a blessing it would be. Now you go over and give him a treatment." He was seated about fifteen feet away from me on the opposite side of the room, and near him sat a visiting physician who said, "Doctor, I really wish you would come over and stop his pain. I have tried every method I know and cannot relieve him. Come over and let me see how you do it. I've heard lots about this, and I want to see how it's done" I said, "It is not necessary for me to come to him; I can treat him just as well where I sit. Mr. Lord, put your feet square upon the floor," and I went on talking with the matron. Presently he looked at me and said, "You have done it; the pain is all gone. I feel as free and easy as I ever did in my life." I stepped over to the desk and tore a blotter into four pieces, saying as I did so, "Now your pain is all gone, take one for each week, you will have no more pain for four weeks. Remember, now, no more pain for four weeks." (And I was told later by the physician, the man himself, the matron and the nurse, that he did not feel a particle of pain during the next four weeks.) Just then the nurse called me upstairs to my patient, and I left the doctor wondering how in the world I did it. He said, "You did not touch him. This is all mysterious to me. Come back and tell us how it is done."

And I say to each and every one, investigate, if you want to know how it is done, take a course of instruction of the New York Institute and take it now. Remember, "There is a tide in the affairs of men (and women) which, taken at its flood, leads on to fortune." And I advise all who desire to succeed mentally, socially, spiritually, and financially to faithfully follow the instructions so graphically delineated, carrying this thought in mind,—what has been done can be done again, what others have accomplished you can do, if you try. The benefit to humanity is incalculable. Take for your motto and let it put you to action, this positive suggestion,—I can and I will

ABBIE K. M. HEATH.

City of Boston,
County of Suffolk,
State of Massachusetts, } ss.

Boston, Mass., Dec. 28, 1899.

There personally appeared the within named Dr. Abbie K. M. Heath, and made oath that the above statements are true, before me.

CHARLES L. HILL,
Justice of Peace.

FRANCIS A. FRANK.

WHAT A PROFESSIONAL MAGNETIC HEALER HAS TO SAY.

Box 342, Litchfield, Ill., Feb. 14, 1900.

New York Institute of Science, Rochester, N. Y.

Gentlemen: Your course of instruction in hypnotism, etc. received. I will say, it is the best I have ever seen. It is so clearly pictured by engravings as well as wording. I do not see how anyone can fail to understand it. I am a professional magnetic healer, and have had some parts of the instruction before, but never before understood so clearly the significance of the various manipulations, passes, etc., as I do since I have taken your course of instruction.

Please send me your examination questions, as I wish to try for a certificate.

Wishing you every success that your course merits, I remain, Yours sincerely,

PROF. FRANCIS A. FRANK.

EASIEST COURSE TO LEARN.

GLAD HE DID NOT TAKE HIS PARENTS' ADVICE. READ THIS YOUNG MAN'S REMARKABLE EXPERIENCE WITH THESE SCIENCES.

IRA J. KELLAR.

Beavertown, Pa., Jan. 20, 1900.

New York Institute of Science, Rochester, N. Y.

Gentlemen: I write to acknowledge the receipt of your Instruction in Hypnotism, Personal Magnetism, etc. I am happy to-day that I did not take the advice of my parents, who claimed it to be dangerous because they were ignorant on the subject.

On the night I received your course, I sat down and studied about an hour. That same night I was able to fasten the hands together of a majority of the ones I tried. The night following I placed a subject in all the stages of Hypnotism I knew or had read of. I am happy to-day that I am so successful and can thank my kind friends of the New York Institute of Science for being so.

I am ready to recommend the course to anyone as the easiest to learn and put into practice. I find your words only too true, "Hypnotism fits a man for the battles of life as nothing else will, besides the Bible." If I could not purchase another course from you, the one I have could not be had at any price.

Waiting to proceed further into the mysteries, I will close, wishing the course and the Institute the greatest success. Yours for success,

IRA J. KELLAR.

BENJAMIN SHOTWELL.

RECOMMENDS OUR MAIL COURSE.

IMMENSELY PLEASED WITH OUR INSTRUCTION. SAYS IT BENEFITS BOTH THE MIND AND BODY.

Cologne, N. Y., Jan. 29, 1900.

Chas. S. Clark, Rochester, N. Y.:

Dear Sir: I received your instruction in due time and read it very carefully. I study it every chance I get and find it more interesting and very valuable to the mind in every way. It teaches you how to Hypnotize and how to awaken the person perfectly, and gives instruction how to make ones self more perfect in body and mind. It is as surprising to ourselves as it is to our friends. I would recommend all persons to take your mail course, in order to get control and full possession of themselves.

Yours faithfully, BENJAMIN SHOTWELL.

POSITIVE PROOF THAT OUR METHODS ARE UP-TO-DATE.

Mr. Mignernon, after purchasing our course, had the opportunity of witnessing a demonstration given by Dr. H. L. Flint, the leading public hypnotist of the day. He writes that our course fully explains the methods used by Dr. Flint.

Missoula, Montana, March 6, 1900.

New York Institute of Science, Rochester, N. Y.

Gentlemen: I am now master of the force in hypnotism, and I enjoy the pleasure of letting you know what I think of it. I have taken other courses, and I have a good, clear idea of the difference. I must state that your course is the only one which was actually as represented, and it is also the cheapest. It is so complete I shall not send for any inquiries, for I do not find any to send for.

It happened just after I had finished reading your course, the first time Dr. Flint, the leading public hypnotist of this country, came to our city and gave a hypnotic demonstration for a week. I was only satisfied when I shook hands with him. I went to his demonstrations every evening and it showed me your course is fully up-to-date.

I feel as though I cannot praise your course too high, for after receiving your course I hypnotized a little girl eleven years of age, who had fits five times in the last three days previous to my hypnotizing her. By following your instruction and applying it in her case she has not had a fit since, which is more than two weeks ago.

Kindly send me your examination questions, as I want to get the certificate.

If you think this letter will be of any use to you, you are fully entitled to use it. Respectfully yours,

HERCULES MIGNERNON.

ELECTRICAL ENGINEER TAKES OUR COURSE OF INSTRUCTION AND BECOMES A GREAT HEALER TELLS HIS EXPERIENCE.

Mound City, Ill., Dec. 28, 1899.

New York Institute of Science, Rochester, N. Y.

Gentlemen: Yours of the 26th is at hand. I received the instruction in due time and am very much pleased with the same. I have been a student of occult sciences for some time, and I can truthfully say that I found your instruction superior to any other I have ever seen on the subject. It enables me to understand the forces I have been using unconsciously. Your instruction has been a great help to me in every way.

I can cause a person to have sound, refreshing, restful sleep when he has been nervous and could not sleep without the use of opiates. I can give a child cutting teeth immediate relief. I have cured rising on the hand, felon on the finger, and have healed many bad burns without blister and without leaving a scar. I am sixty-two years of age and have worn glasses twenty years. I am trying to rejuvenate my eyes with much hope of success.

I will be pleased to answer any communications I may receive and will tell them what I think of your course.

Sincerely yours, JAMES B. HARLAND.

READ WHAT AN EXPERIENCED HYPNOTIST SAYS OF OUR COURSE.

Mr. Parrott, one of the leading Hypnotists of the country, purchased our instructions and considers them the best on the market. He has had a large practical experience and he ought to know.

Sumter, S. C., Feb. 27, 1900.

New York Institute of Science, Rochester, N. Y.

Dear Sirs: I have been studying your course in Hypnotism for some time and I must say that I consider it superior to anything of the kind I have read. I have been a practical Hypnotist for eight years. I can cheerfully recommend it to any one desiring information on this subject. Yours very truly,

L. I. PARROTT

SUCCEEDED FAR BEYOND EXPECTATIONS.

Mt. Vernon, Ill., March 7, 1900.

New York Institute of Science, Rochester, N. Y.

Gentlemen: Your favor received and contents noted. When I received your pamphlets I turned them over to my wife and sent for the instruction for her, and must say that as far as treating diseases is concerned, she is succeeding far beyond her expectations. She has been successful in getting one man on his feet so he could go about his work. He was pronounced incurable by regular physicians.

She is also treating two other cases, one of twelve years' standing, and the other two years, besides several minor cases, such as toothache, headache, etc.

She would like to have you send special instruction relative to loosening a stiff joint, and would also like to know what is required in order to receive your certificate.

Hoping to hear from you soon, I remain, Most cordially yours,

T. F. SEAMAN.

PLEASED WITH OUR INSTRUCTION.

Beardstown, Ill., March 5, 1900.

New York Institute of Science, Rochester, N. Y.

Gentlemen: We believe you have the best course on the field. We feel greatly pleased with our instruction. We have had correspondence with nearly all the schools, but yours is the best.

You are at liberty to publish this if you so desire.

Yours respectfully,
MR. and MRS. G. W. GRAY.

HAS STUDIED ALL THE COURSES AND THINKS THEM PERFECT—WOULD NOT BE WITHOUT THE KNOWLEDGE FOR ANYTHING.

Houston, Texas, 305 Caroline St., Feb. 17, 1900.

New York Institute of Science, Rochester, N. Y.

Gentlemen: I have studied all of the courses in Personal Magnetism, Hypnotism, Suggestive Therapeutics, Magnetic Healing, etc., and I think them perfect in every way. I was astonished at the easiness with which one can master it, after following your instructions, and have given several private entertainments to the entire satisfaction of all parties, and hope that an opportunity will present itself that I can go on the road as an assistant to some good, reliable man or woman that has the nerve and determination to put their whole attention and mind on the business, which should absolutely assure success.

I love the work in all its branches and would not be without the knowledge for anything. No one should be without it at such a reasonable price as you charge.

Thanking you all very much for the kind attention given me during my mail courses, I am,

Most respectfully yours,
GUSSIE FARMER.

GUSSIE FARMER.

WORTH TEN TIMES WHAT WE ASK FOR IT.

Princeton, Ill., Feb. 27, 1900.

New York Institute of Science, Rochester, N. Y.

Gentlemen: I received your course in Hypnotism and I am more than pleased. Personal Magnetism was the part I was after, and I will say it is the best instruction on the subject I have ever seen, and I have read several fine books on the subject.

I consider your course worth ten times what you ask for it. Yours sincerely,

H. L. GALLAHER.

New York Institute of Science, Rochester, N. Y., U. S. A.

Genuine Words of Praise that Tell the Whole Story.

EXPRESSIONS OF THANKFULNESS ARE BREATHED FORTH IN EVERY LINE OF THE LETTERS ON THIS SHEET.
A COMPLETE HISTORY OF WHAT OUR COURSE HAS DONE IN INDIVIDUAL CASES IS HERE IN A NUTSHELL.

THE ACTUAL BONA FIDE EVIDENCE

of those who have become hypnotists through our course of instruction awaits your perusal. Such letters as these come to us by the thousands. We forfeit £200 if they are not genuine. Our pupils are all eager to tell you of the merits of our course. Write them enclosing a stamped envelope for a reply. Can you ask for anything more?

WHAT DO YOU THINK OF THIS?

MR. WETZEL HAS CURED A NUMBER OF SUBJECTS OF USING PROFANE LANGUAGE—YOU WHO THINK HYPNOTISM THE WORK OF HIS SATANIC MAJESTY SHOULD READ THIS.

JOHN A. WETZEL.

Beavertown, Pa., Jan. 20, 1900.

New York Institute of Science, Rochester, N. Y.

Gentlemen: I received your course of instruction in Hypnotism, Personal Magnetism, etc., and am very successful with it. I have tried the falling tests and have succeeded with nearly every one. After a few trials with increasing success, I put my first subject to sleep. I have also cured a number of using profane language and smoking, especially that of cigarettes. I had no previous knowledge of the subject. I have put about thirty of the men and boys of our town to sleep, and convinced some who never believed in Hynotism before.

Your method is the best I have ever seen, and I am pleased to have my name associated with such a grand work. The price of your course is not too high for anyone, and I see no reason why anyone could not learn it as easily as I have. I would not part with it for ten times the amount I paid for it.

Wishing you success, I remain, Yours truly,

JOHN A. WETZEL.

WORDS OF PRAISE.

SAYS OUR COURSE IS WORTH MORE THAN ALL OTHER COURSES COMBINED.

North Spring, W. Va., Dec. 27, 1899.

New York Institute of Science, Rochester, N. Y.

Gentlemen: I received your course in Hypnotism, Personal Magnetism, Magnetic Healing, etc., and take great pleasure in saying to the public that your lessons are complete in every detail and all that you recommend them to be.

I have not yet devoted much time to the study of the occult sciences, but intend to follow Hypnotism and Magnetic Healing as a profession, and have every reason to believe that I shall make a grand success of it.

If any person wishes a knowledge of Hypnotism, etc., I would advise them to procure your course of instruction, for I believe it superior to all other courses combined. With the kindly interest of the faculty of the Institute I do not see how anyone could be otherwise than satisfied. You are at perfect liberty to refer anyone to me, and I will take pleasure in answering all letters if a stamped envelope is enclosed.

Thanking you for the knowledge I have obtained, and wishing you success, I remain,

Sincerely your student, POETEN DAVIS.

HAD ANOTHER COURSE FOR WHICH HE PAID FIVE TIMES WHAT OUR COURSE COST HIM AND HE SAYS OURS IS SUPERIOR.

A. F. KITZING

Iowa City, Cal., Jan. 21, 1900.

New York Institute of Science, Rochester, N. Y.

Gentlemen: I have finished your course in Hypnotism, Personal Magnetism, Magnetic Healing, and Suggestive Therapeutics. Will say I took a course in Magnetic Healing, for which I paid $25. Your instruction in Magnetic Healing alone is superior in every way to that course for which I paid five times the amount I paid for yours.

I am more than pleased with what you have sent me, and thank you very much for helping me along. I give you full liberty to use this letter as a testimonial, and send you my picture to go with it. Will be pleased to tell anyone what I think of your instruction. Yours very truly,

A. F. KITZING.

HELPS THE TEMPERANCE CAUSE.

CURES LIQUOR AND TOBACCO HABIT—WAS SUCCESSFUL WITH OUR COURSE AFTER FAILING WITH ANOTHER COURSE.

Mr. Giwits took our course of instruction some time ago, and had previously taken another course from another operator whose name he sends us but whom we would not care to mention. He was a failure with the other course, but had no trouble in mastering the instructions which we sent him. Mr. Giwits is going to give public demonstrations and we predict for him a successful future.

Red Cloud, Neb., Dec. 14, 1899.

New York Institute of Science, Rochester, N. Y.

Gentlemen: Your letter received and also the special instructions on the long trance and Hindoo sleep. The certificate you sent me after passing a strict examination is a beauty. Your lessons are so plain that anyone can easily master them successfully. Have had very good success from your course. I studied a course from a fake teacher, but it is no good at all. Your course is so nicely illustrated that it makes everything plain and easily comprehended. Shortly after receiving your instruction I hypnotized a young man and performed some very amusing tests with post-hypnotic suggestion. I will be glad to tell anyone what I think of your course. I have cured liquor and tobacco habits and other diseases.

Sincerely yours,

A. F. GIWITS.

A. F. GIWITS.

HIS FIRST OPINION AFTER MERELY GLANCING THE INSTRUCTIONS THROUGH.

2388 Couler Ave., Dubuque, Ia., Jan. 5, 1900.

New York Institute of Science, Rochester, N. Y.

Gentlemen: Your course of instruction received a few days ago, and on giving it a hasty examination I am well pleased with the system. I believe by careful study and practice I shall become an expert in personal magnetism, hypnotism, magnetic healing, etc. My belief is that if a person makes up his mind to master these instructions, he can do it.

Wishing you success, I remain, Yours very truly,

N. E. PERRY.

HAS NOT COMPLETED ENTIRE COURSE, YET HE HAS BEEN SUCCESSFUL—READ THIS INTERESTING TESTIMONIAL.

Austin, Texas, 1313 Willow St., Jan. 15, 1900.

New York Institute of Science, Rochester, N. Y.

Gentlemen: The hypnotic ball arrived in due time; and I successfully used it. I have also been able to influence subjects sufficiently to fasten the hands, stiffen the arm, etc. In fact, I have had no failure as yet. I am immensely pleased with your instruction. At first I was very timid, but very careful not to show it. All my friends and acquaintances are anxious to have me give them demonstrations, but I prefer to make haste slowly, and as soon as I have finished the course I will give them all the amusement they want.

I received a note from Mr. Stoufer, Pueblo, Colo., and he speaks in the highest terms of your Institute.

Wishing you success, I remain,

Most cordially yours,

W. C. MORRILL.

WAS SURPRISED THAT SUCH WONDERS COULD BE DONE. HAS NOT FAILED IN A SINGLE INSTANCE.

Neosho, Mo., Feb. 27, 1900.

New York Institute of Science, Rochester, N. Y.

Gentlemen: I am more than pleased with the course I received from you. Will say I have not failed in a single case. I have cured tobacco habit, toothache, and have performed many of the amusing experiments.

I was so surprised that I could hardly believe it myself, that such wonders could be done in so short a time; nevertheless it is true.

I have seen other professors' instruction, and will say none of their courses are equal to yours Anyone can master your course in a few days.

Wishing you success, I remain,

Very respectfully,

E. W. ROWLAND.

Sworn Statement that our Course is Superior to all Others.

STATE OF INDIANA,
ELKHART COUNTY, } ss.
Town of Wakarusa.

Before Samuel Harrington, a Notary Public in and for Elkhart County, Ind.

TO ALL WHOM IT MAY CONCERN:

THIS IS TO CERTIFY, That on this 19th day of March, 1900, before me, Samuel C. Harrington, a Notary Public, in and for the aforesaid county and state, personally appeared G. B. Stewart, and upon oath, deposes and says: That I am a citizen of the Town of Wakarusa, County of Elkhart, Ind.; that in the month of January, 1900, I purchased of the New York Institute of Science, located at the City of Rochester, N. Y., a Correspondence Course in Hypnotism, Mesmerism, Personal Magnetism, Magnetic Healing, Suggestive and Psycho-Therapeutics, and that after thorough study and trial, I found the course to be just what the above-named institution recommended it to be in every particular, and I was able to do just what they said I could do by careful study of their course in the above-named sciences. I further certify that I have treated thirty-one cases by their system of healing, with the best of success, consisting of Headaches, Neuralgia, Toothache, Constipation, Drunkenness, Deafness of one week to 35 years' standing, Paralysis of five years' standing, for a physician, Paralysis of the Optic Nerve, causing a double vision, cured in seven treatments, by the knowledge gained from the "Correspondence Course," purchased of the New York Institute of Science. Without mental reservation I positively affirm that, after reading five other courses by different writers, that the course given by the New York Institute of Science is "par excellence," and the "only course" that it will pay the earnest student to purchase. It is in fact "Multum in Parvo," and the student can do with and by its use, just what the professors of the Institute claim for it. In my judgment it is the finest course on the above specified subjects in the world, and I heartily recommend it to all seekers after light and truth in that line.

Very respectfully,

G. B. STEWART.

Subscribed and sworn to before me
this the 19th day of March, 1900.

[L. S.] SAMUEL C. HARRINGTON, Notary Public.

My Notary Public Commission expires Nov. 1st, 1900.

HYPNOTIZED A SUBJECT IN LESS THAN A MINUTE—SAYS OUR METHODS ARE SUPERIOR TO ALL OTHERS.

St. Albans, W. Va., Box 71, Dec. 30, 1899.

New York Institute of Science, Rochester, N. Y.

Gentlemen: Owing to the remarkable success I have had as a hypnotist, I can honestly recommend your correspondence course to anyone who has a desire to become a hypnotist. I have seen other courses, but none of them are of any real benefit to a student; there is always something lacking. After a student becomes thoroughly familiar with your instructions he can always proceed with an assurance that he will succeed.

I found one method in your course that enabled me to hypnotize my subjects in less than one minute.

Hoping you will have all the success that you so well deserve, and thanking you for the interest you have taken in me, I remain, Respectfully yours,

EDWARD DOOME.

A LADY CURES BAD HABITS WITH WONDERFUL SUCCESS.

Cincinnati, Ohio, 211 Neave Block, Dec. 11, 1899.

New York Institute of Science, Rochester, N. Y.

Gentlemen: Your general course of instruction received and carefully studied. I have met with very good success. I have cured several cases of headache, tried the tests, fastening the hands, etc., and cured a young girl of biting her finger nails. She is twelve years old and has been biting her nails since she was two years old.

I am now ready for the special lessons which I am to receive, and any special lessons you can give me at any time outside of the regular course, which I can use upon myself for healing any disease I may have.

Your course is splendid, and I advise every one who desires a knowledge of these sciences to purchase your course.

Very respectfully yours, ALICE HENDRICKS.

FRED A KIRSTEAD

THOROUGHLY SATISFIED.

HAS SEEN DR. SAGE AND SAYS THE METHODS IN THE COURSE ARE THE SAME DR. SAGE USED UPON THE STAGE IN PORTLAND, MAINE. WAS SUCCESSFUL WITH HIS FIRST SUBJECT.

Sanford, Me., Dec. 27, 1899

New York Institute of Science, Rochester, N. Y.

Gentlemen: I received the answers to my inquiries some time ago, and I thank you very much for the information. I intended to write you before but neglected to do so.

Since my former letter I have tried the instruction and succeeded in hypnotizing my first subject. I cannot say that I was much surprised, as I was confident I could do it after reading the instruction. He was a boy sixteen years of age, and a perfect stranger to me. He obeyed my suggestions very readily; in fact, he was a first-class subject. I only tried him in the lighter tests, as I want to thoroughly master the deeper stages before I attempt them.

I am thoroughly satisfied with the course, and I know it is the same method Dr. Sage has, as I have seen him in Portland, Me., a number of times before I got your course.

You can refer anyone you desire to me, and I will do all in my power to help the good cause along.

I will send my photo, which you can use if you so desire

Wishing you success, I am

Sincerely yours,

FRED A. KIRSTEAD

WE TREAT ALL STUDENTS THE SAME AS WE HAVE TREATED MR. McMULLEN.

Lacelle, Que., Canada, Feb. 26, 1900

New York Institute of Science, Rochester, N. Y.

Gentlemen: I now desire to return my sincere thanks to you for your kind and untiring devotion made manifest to my advancement since taking your course in science. It seems but a short time, so rapid has been the advancement under your instructions, since I received your first course, and to-day I received word from you that I had successfully passed the examination and was entitled to your certificate.

Yours truly, T. H. McMULLEN.

T. H. McMULLEN

NOT A SINGLE FAILURE.

HAS EXAMINED THE COURSES OF OTHERS AND SAYS THAT OURS IS THE MOST THOROUGH GIVEN BY ANY SIMILAR INSTITUTION IN THE WORLD.

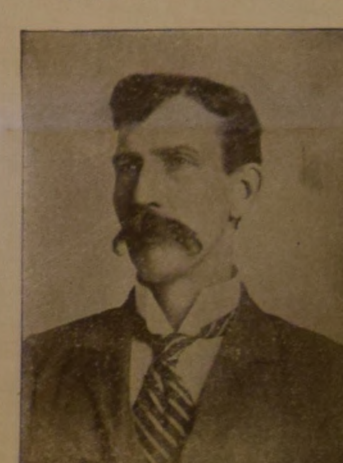

Mr. Compton, of Jeffersonville, Ohio, took our personal course, also our correspondence course, and will be glad to tell you what you may expect if you take this instruction. He graduated with high honors and is following healing as a profession. He is one of our most successful students.

Jeffersonville, Ohio, Feb. 5, 1900.

New York Institute of Science, Rochester, N. Y.

Gentlemen: After having had opportunity to examine the courses given by other institutions, and also of applying your methods in Vitaopathy, Magnetic Healing, and Suggestive Therapeutics, etc., etc., I have no hesitancy in saying that I believe your courses of instruction to be the most thorough given by any institution in the United States to-day. I have not had any difficulty in a single instance up to present time in producing definite results.

Respectfully, E. W. COMPTON.

E. W. COMPTON.

FIREMAN TAKES OUR COURSE AND HYPNOTIZES HIS FIRST SUBJECT. HAS COMPLETE CONTROL OVER HIM.

Hammond, Ind., Jan. 22, 1900

New York Institute of Science, Rochester, N. Y.

Gentlemen: I found your course of instruction far beyond my expectations. I readily mastered them, and the first subject I secured I placed under the influence in a few minutes by following your instruction. Since then I have been able to have absolute control over my subjects. The hypnotist's power, in my opinion, is one of the greatest forces of the day. I can now change my subjects from one state to another without awakening them.

To anyone who intends learning the art I most earnestly urge them to start by ordering your course of instruction, which I am sure will give perfect satisfaction. Yours very truly,

S. BAMBERG.

MR. STENSHANG IS CONFIDENT OF SUCCESS IN PERSONAL MAGNETISM AND SAYS THAT OUR COURSE IS WORTH HUNDREDS OF DOLLARS.

Ashland, Wis., Feb. 19, 1900.

New York Institute of Science, Rochester, N. Y.

Gentlemen: Your additional instruction received in good order, and I am very glad to have it. The information in your course is worth hundreds of dollars, and I am very thankful to you. I am confident I will be successful in Personal Magnetism, and that is all I have had a chance to try. I can not thank you enough for your attention to me.

Wishing you continued success with your noble work, I am, Your student,

A. STENSHANG,

With Amswick Bros., 293 West 3d St., Ashland, Wis.
